Extended School Year Program 2023

Dear Child Study Teams:

It's that time of year again...planning for the 2023 ESY Program has begun! The ESY program offered at Cape May County Special Services School District (CMCSSSD) is specifically designed to maintain the high level of academic, social/behavioral, communication, and other pre-vocational skills that a student has learned as part of his/her Individualized Education Program. This year, we will once again continue to have an increased emphasis on social skills, academics, prevocational training as well as lots of fun.

The academic portion of our program will focus on language arts, mathematics, science, and social skills instruction. An extension of related services, as stipulated in the student's IEP, will also be provided. Students in the autism program will continue to follow their individually designed programs incorporating specialized strategies supported by our BCBA. Progress reports will be shared with parents at the end of the program.

This year's ESY Program will begin on Monday, July 3, 2023, and end on Thursday, August 3, 2023 and consists of (5) five weeks, Monday-Thursday with the hours of operation from 9 am to 2:15 pm. Schools will be closed on Tuesday, July 4, 2023, for observance of Independence Day.

We look forward to working with our sending districts and our students during the 2023 Summer ESY Program. If you have any questions with regard to our programs, please reach out to your child's case manager.

Respectfully,

Thomas A. Baruffi, Ed.D.
Interim Assistant Superintendent
